CHAMPION RIA-LEE IMP'S DELIGHT (Ch. Reveille
Recruit x Ch. Gynlyfyn's Golden Imp) is our "cover girl" this
month. "DAWN" finished her championship with three majors
to her credit, one 4-point, and two 3-point. These points were
earned under judges Cecil Smith, John Cook and Mrs. Stewart
Makley.

"DAWN" is an elegant, red and white bitch. In addition
to the qualities pictured, "DAWN" exhibits excellent movement
and a charming personality, with just enough mischief mixed
in to make her a delightful companion at home.

We are planning to breed "DAWN" this fall . . . with
puppies expected in late December or early January.

The portrait of "DAWN," used for this month's cover,
was done by her owner, Rita Ross. This black and white re-
production was taken from a full color pastel drawing on
velour paper.

Inquiries concerning portraits, and black and white or
red and white puppies are invited.

HEART O'NORTHLAND BASENJI CLUB

by Lu Schlichting, Route 2, Wadena, Minnesota 56482

Spring has at last arrived in Northern Minnesota. It is
nice to see green grass, trees budding and tulips in bloom
after all the snow. Along with spring comes all the extra work
of lawn mowing, gardening and picking strawberring. But the
good things outweigh the bad as we also see more of our Basenji
friends. And the area dog shows start again.

There have been a few dog shows and fun matches in the
surrounding area. It looks as though we will make only one
show until later this summer. Our two daughters each kept a
pup for 4-H projects and to show, but they won't be old enough
until later.

Don and Phyllis Skinner have the latest, or earliest
litter, depending on how you look at it. I hear that Myrtle Boyer
finished CHRISTY'S title.

Charles and Marilyn Finman have a new arrival - a son,
David Charles, born April 24, 1970. We welcome all new
members.

From Marilyn Finman

I too, saw the dog on the Lowell Thomas Special, and hope Mr. Pearlman can find out more about these dogs. I've spent much time looking for pictures of Basenjis (in their native land, if possible) or for other ancient, and possibly related breeds.

I read with interest, Ragna Spears' letter in the May issue. In roaming our local public library, I discovered the book, "Animals of East Africa," by Louis S. B. Leakey, and on pages 90 - 91, found the picture of Basenjis that she mentions. It shows four or five flashy red and white Basenjis, holding an antelope-type creature called a "Bongo" at bay while the native hunters emerge from the jungle into the clearing. This is not a photo, however, but a print of a painting. I can't recall the artist's name. I continue to look for authentic pictures, but haven't found very many.

Since I'm finally writing to you, I must also thank you for the wonderful magazine. My husband and I pour through it from cover to cover on the day it arrives. We have a pair of red and white Basenjis, and enjoy comparing their antics with those we read about in "The Basenji." Also, since this is only our second year to show Basenjis, we find many of the articles very helpful and informative. Thank you again!

From W. K. Bradbury
Route 5, Salisbury, Maryland 21801

In your June issue of your good magazine, on page 2 in the "Mailbox," there is an inquiry from a veterinarian regarding changes in the size of Basenji testicles. At age two and one month, and 8 months after siring a litter of five pups, suddenly appeared to have testicles shrunken to about the size of kidney beans! Our vet said he knew that this was rare, but turned up now and then. He provided some capsules of male hormone to be taken one a day. In about four weeks there was a notable increase of dimension. Then we placed our dogs in a boarding kennel and we flew to Europe. When we returned, three weeks later, the testicles had become quite normal, but the hormones were not administered during our absence. There were 6 or 7 capsules left so we asked our veterinarian whether to use them or discard them. He said it seemed proper to use them, so we did. Pretty soon the dog developed a few hard pustules on his neck which had a hard core. After weeks in which these big pimples persisted, they finally dried up. We believe the treatment was successful, but resuming use of the capsules later was a mistake. He seems to be fitted with normal "artillery" now. . . .

The trip referred to was a dandy! We flew first class via TWA direct to Paris, transferred to a plane for Marseille. Paris was blanketed by a snowstorm and Marseille was drowned in rain. But we loved the cozy hotel for 24 hours while waiting to board a grand French cruising ship for two weeks vacation. We had a day at Alicante in Spain on the Mediterranean, a day in Madeira, way out in the Atlantic, then Santa Cruz de Tenerife (Canary Islands), and a long run down to Dakar in Senegal, Africa. After two days among the blacks with a fantastic black ballet under the baobab trees at night, we sailed back to the Canaries, Las Palmas City. A local troupe of folk dancers in native costume (Spanish) came aboard in the evening to entertain us. Then on to Casablanca in Morocco. During the two days there we went to Rabat, the capital, and visited the

king's palace and the marvelous royal gardens where we had mint tea to drink in a beautiful patio where natives were enjoying Sunday - women with those head-dresses which cover all but their eyes. We explored the Kasbah, a spooky place behind ancient Roman walls, which turns out to be just a ghetto. My album has more than 100 color pictures that I took - wish you could see them.

Finally we got back to Marseille and spent a day and night in Paris at a lovely hotel overlooking the Tuileries and close to the Louvre. We discovered a marvelous bistro where Papa tended a small bar near the door, while Mama shuttled between the kitchen and the dining tables. Under the bar was a Spaniel which made frequent visits to customers' tables, in case there was a tidbit for him. We had one of those fabulous French dinners such as only a fine chef can dream up. Finally we took to the air aboard TWA at 12:30 and sat down at Dulles Airport at 4:30. Sounds fantastic to cover 3,900 miles in that time, but we really were six miles aloft for 8 hours. We had caught up with the sun while flying west. . . .

From M. E. MacDonald

A few lines after an enjoyable weekend attending the Derry and Portsmouth shows. The weather was warm but not too warm and the grass, trees and gardens are much ahead of New Brunswick. . . .

Enjoyed talking with the New Englanders. With a pending Canadian postal strike, the kindness of the Gilberts in helping supply needed show information so that entries could be mailed from Portsmouth, was so much appreciated. . . .

Always enjoy the New England shows. One seems more to be welcome as a neighbor than from another country. . . .

SECOND ANNUAL BASENJI MATCH

The American Kennel Club did not accept our application for a Plan B-OB Sanctioned Match which we had requested for May 10, 1970. Their letter stated they would need additional information on the individual members as to whether they had registered litters, exhibited, and currently own a Basenji. Since it would take some time to compile this information, and they would want an opportunity to review it, they suggested we go ahead with our plans and schedule it as a Fun Match.

The Club's Second Annual Fun Match was held at Cambria Kennels on Mother's Day, May 10, 1970. Lots of mothers were there - TASSY, TABORA (Basenjis), Carol, Betsy, and Fern (Basenji people), and lots of other BCOSC members and non-members.

What a beautiful day for a match. We were fortunate to have Mr. E. M. Gilbert as our judge. He is a licensed judge, and for the record I would enter under him anytime. He was extremely gentle with our puppies and considered each entry thoroughly.

Obedience competition started at 11 A.M., judged by Dee Crandall. Top score of 184 was won by KAZOR'S FARAJI owned and handled by Paul Chen, a new Junior BCOSC member. There were 9 dogs entered in obedience.

Junior member, Laurie Aggas, gave a demonstration of Open Dog Obedience with her Basenji, MACONGO. Dee Crandall directed. The entire scene has been recorded on film. It was heart-warming to see a Basenji trained, but still independent enough to, on recall, take a stroll around the ring

looking over all the spectators and continue with the exercise.

Dan Ekern was our auctioneer and the auction brought in a tidy sum. His public address system sure held the match together. Ken Henrichsen is to be complimented on his coordination of the match. Everyone had a job and each and every one did that job well. I might add that Ken brought tents from San Gabriel Club, so you can thank Ken for the shade.

A big thanks to Bob Mankey and Jack Shafer for donating the grounds at Cambria Kennels for our match. Here are the results - see you next year - same place, I hope!

ARCTIC CAPERS

by Sam McKee

3121 Knik Avenue, Anchorage, Alaska 99503

First the sad news - Jon and Nancy Bachelder's YODELS is no more. Killed by a car just a week before our shows. All of us were shocked and saddened. I think they're getting another pup.

Something rare in the world of dogs happened in Anchorage this past weekend. The Tanana Valley Kennel Club from Fairbanks held their show in Anchorage on Saturday - and the Alaska Kennel Club of Anchorage held their show in the same building on Sunday. Although the AKC says it will never happen again, and was approved this time only through a fluke. We intend to try. All they can say is, "No!"

Our show is held in the Anchorage Sports Arena which has bright lights in the center where they set up the ring for boxing and wrestling. When it was time for the groups, we shut off all the other lights and turned on these. The dogs entered the darkened ring and proceeded into the light, pausing briefly as the announcer gave the name of the breed. When the last dog of the group had gone through, all the lights came back on and the judging proceeded. We repeated the procedure with the group winners as they went in for best in show. Let me emphasize that the lights are stationary and there is no music.

James and Janis Frazee had a terrific weekend with their first appearance in the ring in Alaska. They finished their NDANI with a Best of Breed (and a major) on Saturday, and he went on to group 3. And his daughter, LAINI, won her first points, taking WB (and a major) on both days.

Sunday, George James brought KORI into the ring and took Best of Breed for a major and went on to group 4. People on the sideline said to me, "You'd think those were your dogs in the group." My answer, "Any time a Basenji's in the group, that's my dog!" It was a wonderful weekend.

Sunday night at the Alaska Kennel Club banquet, I got the surprise of my life. I received the Gaines medal for good sportsmanship. If you didn't see Sam McKee struck absolutely dumb, you missed your chance.

Just received the news from AKC, I now have a provisional license to judge Basenjis. Under the system I can accept three assignments. Already have two: at Sioux Falls, September 12, and at Santa Ana on September 20. This may cut down on my other travelling, but that means I'll be seeing more people rather than less which is all to the good.

The Basenji Club of Nebraska

by Dave and Kay Thorndike

7938 Military Avenue, Omaha, Nebraska 68134

Plans are going forward for the Midwest Specialty, to be held in conjunction with the Omaha show, November 22, 1970. Dave Thorndike is show chairman; Jane Larsen is trophy chairman; Lynn Letellier is working as finance chairman, and Rose Casteel is working on the dinner for the night preceding the show. We are working for a speaker for the dinner and we hope to have a nice surprise for everyone.

Our president, Karl Miller is sweepstakes chairman, and is pleased to announce, pending A.K.C. approval, Mrs. Ragna Spears has kindly consented to judge puppy sweepstakes.

Our annual meeting is the last of June. We all owe a vote of thanks to Karl Miller who has served as president since March 1969, and who, although has quite a distance to drive, has never missed a meeting.

We are adding a bit of fun to our annual meeting this year. George and Jane Larsen have very generously offered the use of their lovely home for a picnic to be held with the annual meeting. I know we'll have a good time.

The GREATER ATLANTA BASENJI CLUB

by Kathy Kent, Route 2

Old Burnt Hickory Road, Powder Springs, Georgia 30073

Last summer Atlanta, Georgia, had a need. The need was filled in forming the Greater Atlanta Basenji Club. Our club meets once a month, and holds training classes for show and obedience, once a week. We've had two pre-show dinners, and a very successful fun match since our formation.

Let me introduce our officers:

President: Jack Peek Vice-President: Kathy Kent

Secretary: E. Jacobson Treasurer: Terry Hodges

And our Basenji championship members:

CH. FULA DANZON OF THE CONGO (dog) owned by George C. Jones, III.

CH. DONI'S RED POPPET (bitch) owned by Donna Snoderly.

CH. PHEMISTER'S PRIDE OF KENBACO (dog) owned by Kathy Kent.

CH. KELLY'S MIGHTY TITAN WARRIOR (dog) owned by Terry Hodges.

CH. AMENHOTEP PERAA KENBACO (dog) owned by Carol W. Peek.

I wish it were possible to introduce all 21 members and their dogs, but space prohibits this. I will keep up with new champions and, hopefully, companion dogs.

Plans for the summer, include another fun match in July and extensive participation in the National Dog Week activities to be held in conjunction with all other dog clubs in the Atlanta area.

We would like to cordially invite all of you to the Basenji Club of America Southern Specialty in Atlanta, October 10, 1970. The specialty is being co-hosted by the GABC and

the Magnolia Basenji Club.

The specialty judge will be Mr. Derek Rayne. The sweepstakes judge has not been named as yet. Block reservations will be made in a convenient motel and a pre-show dinner will be held in the same motel, Friday evening, October 9.

A buffet luncheon will be held after the judging on the show grounds, followed by the raffling of such impressive items as a Basenji-proof crate.

We need your help to make our trophy table the loveliest ever seen. Please send your contributions to our Trophy Chairman, George C. Jones, III, 31 Golf Circle Northeast, Atlanta, Georgia 30309.

Reservation services will be provided by Mrs. Pat Stipe, 2001 Sylvan Road Southwest, Apartment 1-A, Atlanta, Georgia 30310, and Mrs. Donna Snoderly, 3814 Ensign Drive, Chamblee, Georgia 30005. (Telephone: 404, 457-7796).

All other information can be obtained by writing to the Specialty Show Co-Chairmen: Les and Kathy Kent, Route 2, Old Burnt Hickory Road, Powder Springs, Georgia 30073.

Ramblin' With Grannie Green

by Evelyn Green

Box 3221, North Station, Meridian, Mississippi 39301

We've had many nice "happenings" this month. The highlight was an 18-day leave our navyman, Murray, spent with us following his graduation from recruit training in Orlando, Florida. Being a favorite with our Basenjis, he received a royal welcome.

LADY, who claims Murray for her very own, was upstairs to greet him. At first she failed to recognize this tanned stranger in navy whites. She raised her hackles to half-mast, flattened her ears and started to growl. Then came recognition! LADY wagged at both ends and in the middle, led him to her new family and then promptly chewed him out for his long absence. It was a touching reunion.

Murray has now left for his new assignment in San Diego where he will be a hospital corpsman. Our beloved navy kids and WIGGINS have been based there since January. Now all my "chillun" are far away. I think the three are planning to attend some of the California shows.

Pat Love did her "thing" for us the weekend of the 24th so we could go to the show in New Orleans. Pat never dog-sits but that some small crisis does not arise. This time the dogs were on their best behavior. Pat defaulted! Even as she congratulated herself that all dogs were installed in their proper runs, crates cleaned and paper lined for the night, she realized there was an empty run! She made a hasty recheck. She could account for only five dogs. Where was the sixth? As my long-suffering friend verged on hysteria, she recollected that the absentee was MARU. He had gone with us to the show.

I met a new friend at the New Orleans show. As I was waiting at ringside, a very pretty young lady said to me, "Why

you're Grannie Green! I read your articles in The Basenji." This was Janice Pickens of Crescent City. Janice took first in novice bitches with her NUISANCE OF PINE CREST, but I think her greatest thrill was handling for the first time, her new tri champion, CH. WILBARRIE'S HAPPY OF KELYN which she co-owns with Dean Guess.

We met John Smith at the show, looking very trim and fit. We were shocked to learn he is recovering from a recent heart attack. And we were happy when handler Dick Souce won Best of Breed with their CH. TEJAY'S TI ANUBIS. He is one of my favorite Southern Basenjis. Best of Winners and Best of Opposite Sex was KIHU'S YUMBA OF WILBARRIE, owned by Deanna Lehev of Lake Worth, Florida.

Congratulations are due to Charles and Mary Cavalieri of Birmingham, on their new champion, CH. OBA MILO. Not only did MILO finish his title, but placed first in the hound group, handled by Ellen J. Snyder. This is a nice "happening" in one's home town!

IN MEMORIAM

THOMAS WAYNE BALL of Falls Church, Virginia, was laid to rest in Arlington, June 1, 1970. Tommy had decided to get in his military training before finishing school, and had enlisted in the United States Coast Guard, where he was serving as an electronics technician. He was 22 years old.

Tommy was a member of The Basenji Club of America, Inc., and had been practically raised with Basenjis since his family was one of the first to own one in the State of Virginia.

Tommy's wit and humor will be sorely missed. Many exhibitors will remember tall, handsome Tommy with his Basenji, JACK, a tri-color, reclining around his neck.

Our sympathy to Mr. and Mrs. Gordon W. Ball, his parents.

BAZIMBA'S CHRISTMAS DAWN

The Magnolia Basenji Club

by Angess Wood

6819 31st Terrace North, St. Petersburg, Florida 33710

The meeting of the MBC was held May 23, 1970, at the lovely home of Don and Betty Castle, after the Jacksonville Basenji judging. About 25 members and a few visitors attended. After the business meeting, a lovely buffet was served, followed by a tour of the lovely grounds and kennel under the huge moss-draped trees. To a transplanted Easterner, the spacious grounds covered with numerous shrubs and trees, were indeed eye appealing. Thanks, Don and Betty, for a lovely afternoon.

The Jacksonville, Daytona Beach, Sarasota, and Bradenton shows were well attended by Basenjis, owners and admirers. Sarasota and Bradenton were majors in bitches. See the show reports for the winners elsewhere in this issue.

Let's all get behind our committees for the upcoming Southern BCOA Specialty, to be held in Atlanta, October 10, 1970. Please send trophy donations to George C. Jones, III, 31 Golf Circle Northeast, Atlanta, Georgia 30309. Large or small, all donations will be gratefully accepted. Les and Kathy Kent are co-chairmen. Do plan to attend and bring along your gorgeous, loveable Basenjis. A dinner is being planned at a nearby motel. More on this next month.

One important gripe. It seems that pets are being bred to pets (all registered, of course) and very inferior puppies are being produced and sold to unsuspecting and unknowledgeable people who, no doubt, will in turn breed and keep the vicious circle going. I have three suggestions to help stop, or, at least, slow down the trend.

1. Sell pets, as pets only and tell the new owner of the puppy's faults and that he is not to be shown or bred.
 2. Withhold the registration and return it to A.K.C. with information as to why the puppy should not be registered.
 3. Get new owner's signed agreement to have the bitches spayed as soon as they are old enough (pay for the spaying, if necessary), and that dogs will not be used for stud.
- Hopefully, this will keep faulty pups to a minimum. Recently I saw such a litter (all very inferior), and the dam given absolutely no attention or care by the people who didn't care and shouldn't have ever bred at all.

It is with real regret that this will be my last bit of chatter for MBC. I've enjoyed doing the column. I am eager to get back to Virginia to see my friends (both two and four legged), but hope to be back again before the snow starts to fly and Lake Jackson freezes over!

Haere Mai From Kiwi Land

by Pam Tregurtha

103 Pinehaven Road, Upper Hutt, New Zealand

That unspeakable time of the year is here again in New Zealand - winter - with all its chills, thrills and ills. Consequently, our show season has practically frozen to a standstill and the first of the Basenji litters are arriving. The schedule for the 1970 Fido National Dog show has arrived. William A. Harvey (U.S.A.) is judging toys and hounds. Frank H. Burch (U.S.A.) non-sporting, sheep and cattle dogs (except German Shepherds), while an Australian, C. E. Milward, is judging gun dogs, terriers and German Shepherds. While reading through the schedule, Jack began laughing, and read the following, "Poodle measuring: The judge must measure all class winners before judging Best of Sex and awarding a Challenge. The measuring will take place in the ring. The judge's decision will be final. First aid service will be available!"

We know some of the Poodle people are a bit touchy about size, but just what is anticipated?

Our friend, Margaret MacKintosh of Victoria, Australia, will not mind my quoting an excerpt from a recent letter:

"Now on to our coursing meeting, held last Sunday. We had a beautiful day, apart from the cold. We had a great roll-up and the breeds that came were: 2 Deerhounds, 1 Beagle, Whippets, Afghans, Salukis, 2 Greyhounds, not forgetting our Basenjis. The Whippets, Basenjis and Greyhounds were the only ones that went all the way around. They were started out of the boxes, and is his first race, "BLUE" (MACKINTOSH'S KHAFRE BLUE NILE) went around the wrong way when the boxes opened, but after realizing the others had gone, he soon got going. The Afghans are very cunning - they jumped the track and met the lure half way around. One Afghan jumped the track and went for a swim in the pond. Have you ever seen a wet Afghan? The Deerhounds just stood and stared at the lure while the Beagle just wouldn't come at it at all."

Dawn Clark will be flying down to stay with us during the National Show, and we hope to arrange one evening where local Basenjites can have a chance to chat with her, and bring their pups and dogs.

Feel we are over the worst judging, at least down this way, as recently most Basenjites have been satisfied with the decisions reached, regardless of whether or not it went their way. Among new judges on the hound panel is a gentleman who, while he doesn't breed or show Basenjis, always shows a great

VETERINARY JOURNAL

William J. Bone, D.V.M.
10700 Seminole Boulevard, Largo, Florida 33540

Recently, a leading veterinarian and lecturer was speaking on the changes that will be evident in companion pet practice in the next decade. The following are some of his predictions, some of which may sound a little far out, but in this age, I wouldn't bet on it.

NEW FACILITIES:

The facilities that will be available for pets will equal those for humans, and hospitals will be staffed with specialists, i.e., orthopedists, ophthalmologists, radiologists, etc.

There will be an increasing emphasis on the training of non-professional people to fill many of the jobs now held by veterinarians, and a licensed nursing profession for veterinary medicine will come into being.

Oral vaccines will replace the injections now being used to protect pets against distemper, hepatitis and rabies. Deworming compounds will be commonly used in the feed and special diets for particular medical conditions are present now, but will gain in use. Surgical procedures to neuter animals will be replaced by injections, and litter size, and determination of sex of the offspring will be possible with a better understanding of sex hormones.

Dog food will continue to grow in sales and the public will come to realize they cannot formulate a ration at home that can equal the nutritious quality of a commercial food. Pet supplies will continue to be one of the fastest growing merchandising areas.

Some of the foregoing may be a little premature, but we are already observing trends in each area that, if continued, will result in the fulfillment of most of these predictions. We are able to double the size of most litters of dogs now with the use of hormones, and as we gain more insight into their use, we should be able to selectively determine the number and perhaps even the sex — who knows?

FIRST HEAT BREEDING:

An age-old question that invariably stirs debate among breeders and dog fanciers is — should a bitch be bred on her first heat. The general consensus is — NO.

But why? No good reason has ever been set forth, and backed up with fact. The prevailing feeling is that the bitch is immature and as such, is not capable of producing the normal,

healthy litter. Another feeling persists that the first litter of any bitch is no good, regardless of the sire or age when bred; again, there is no proof to sustain such a theory.

The bitch, upon going into season the first time, is actually going through puberty and is usually between the ages of 6 and 14 months. Take into consideration the fact that a dog at one year of age is about equivalent to a 20-year-old human and the idea she is too young takes on a new perspective.

Recently, two different reports from England on the effects of breeding dogs on their first heat period appeared in (continued on page 17)

Rain, rain, and more rain was the weather for the BCOA spring match. We had close to 50 entries for Mr. Don Castle to judge under trying conditions. This was the largest turnout we've had, and I feel sure we could have had 70 or more for Mr. Castle to judge if the weatherman had cooperated.

We members of the BCONE would like to publicly thank Mr. Castle who is the BCOA Standard's Committee Chairman, and an AKC licensed, professional handler; for a very superb and professional job of judging our New England Basenjis. You are welcome anytime, Don!

The Eastern BCOA Specialty will be held September 19, 1970, in conjunction with the Ox Ridge Kennel Club show, at Darien, Connecticut. The judge will be Mr. Alva Rosenberg, and the Puppy Sweepstakes will be judged by Mr. David Hill.

The Match results are as follows:

Puppy Dogs (3 - 6 mo.)

1 - Best Puppy, KANEM'S JOHNNY'S PRIDE, John Broshine.

Puppy Dogs (6 - 12 mo.)

1. NOBLE FLAK OF ROVIDA, R. and V. Dwinnells.

Puppy Bitches (3 - 6 mo.)

1 - Best of Opposite Sex, PRINCESS CANDACE OF ROVIDA, Alan and Carrol Ferin.

Open Dogs (without majors)

1. SHINES APOLLO OF ANUBIS, Jessie McDonald.

Open Dogs (with majors)

1 - Best in Match, LUDDYMARIE'S PLAYBOY, R. Parenteau.

The local puppy match had an entry of 6 Basenji pups, all four months old. Marian and Bill Settles came all the way from Bardstown, Kentucky for the match.

Junior handler, Billy Kukuk took a fourth place in a class of 16 entries in Lexington, Kentucky. In obedience, CH. ROSAMBI'S GAY DUCHESS and KUKUK'S GAY APOLLO, C.D. were top scoring brace with a score of 192, May 23, at the sanctioned fun match. DUCHESS was also top scoring hound in match of 90 dogs with a score of 189 1/2. We'd like to hear of any other Basenjis working in obedience brace.

The annual meeting, May 8, started off with a cookout in the Kukuk's back yard. After eating, we held our election of officers for the 1970-71 term. They are as follows:

President: Bill Kukuk Vice-pres: Tom Berkhouse

Secretary: Doris Kukuk Treas: Clarke Ross

Board of Directors: Linda Berkhouse, Monty Hagen-schneider, Phyllis Schierloh, Vicky Schuler and Rita Ross.

Congratulations to Clarke Ross and Rita Shahan who were married May 15. Mr. and Mrs. Ross are now at home in Florence, Kentucky.

We welcome Jack and Carol Peek who are here from Atlanta, Georgia, on a temporary assignment.

We had the terrible experience recently of losing a dog. Another breeder of our area lost two dogs, so I thought maybe some people would be interested to know what to do in such predicaments. Luckily all three dogs were returned. But after you have searched for hours, you have this helpless feeling of not knowing where to turn. The first thing you think of is the "Lost and Found" ads of the newspapers, but that takes at least one or two days to appear, and every minute the dog is gone increases his chances for injury or death. The most important thing to do is to notify people - all kinds of people. The police and humane society or dog pound. Call the veterinarians in a wide area. One dog in Michigan was found 21 miles from home. Call the radio stations - nearly every locale has a radio station that is civic minded and will put out several bulletins a day for lost pets. Call the dairies. Their drivers cover a lot of territory. Call other breeders. People seeing a purebred dog running loose might call a breeder they know. Call your friends in different parts of town. Most super-markets have bulletins where you can place ads. Make a large sign, using a large picture of your dog on it. This was how one of the dogs was found. You can also go to the neighborhood schools and place a sign on bulletin boards there. Children love treasure hunts, especially if there's a reward offered. Newspaper boys also get around. I hope these suggestions will help others.

We spent a nice weekend in Michigan, May 23, 24, at Grand Rapids and Kalamazoo. Mr. Maurice L. Baker who likes tris, put up a tri for WD and also for BOB. The Kalamazoo Kennel Club put on a smorgasbord supper on Saturday night for exhibitors, handlers and judges. The food was delicious and free, but the best part was meeting and socializing with the Michigan Basenjites. Officers have been elected in the newly formed Basenji Club of Michigan. They are: President, Wayne Holbrook; Vice-president, Ladd Ashford; Secretary-Treasurer, Brenda Schmidt; Directors: Melanie Buhr, Emmet Buhr, Ralph Romska, Bob Hampston and Bob Schmidt.

Della Jean Goodman is one of our fine junior handlers in the Chicago area. About two years ago, Della's parents bought her a Basenji. Shortly after they came to a dog show to observe the techniques of a dog show. Della has come a long way since that time, and this year she entered her school's Science Fair with a project entitled, "Breeding Toward a Standard." She bred her Basenji and kept accurate records and took pictures of the growth and development of the puppies. She also wrote a composition of the history of the breed. Della won first place at her school and went on to win the regional, not only first place, but outstanding achievement. She won second place in state competition. Congratulations, Della!

There's still time to get your entries in for our second annual specialty. July 25, is the date, and we are excitedly preparing for Mrs. Jayne Stringer to come and judge our four-legged darlings. I'm sorry we won't have an entry because SIR ENIDTAR OF HORSLEY can't be entered under her breeder, and JEREMY can't be entered under anyone since he has only 3 inches of tail left after his bout with that car. TOPPER is gone, SAMMY-ANNIE is in Ohio with Michelle, and HATTIE is retired. Perhaps we can enter her in brood bitch. PRINCE is in New Orleans. My dogs are scattered far and wide, but puppies are here in other homes, so we'll be represented.

The next day at the Seattle Kennel Club show, P. David Hill graciously consented to judge the conformation classes, instead of Commander Stringer, as we previously announced. David is well-known in Basenjis and was literally raised in the breed. We are looking forward to seeing him and have him see our Pacific Northwest Basenjis.

If anyone wants to enter and doesn't have a premium list, please write to me immediately for both premium lists.

The EBC is really on the move these days. Our secretary, Pat Bright, is moving back to Madison, Wisconsin; Barb and Ken Fay and family are ending their tour of duty at Hill Air Force Base, Utah, and moving back to the Seattle area. And for the first time in about a hundred years, the Smith family will be going on a vacation together!! Redwoods, here we come. Zenner family, here we come. Linda Hollenbeck, batten the hatches! Speaking of batten the hatches, Mae and Norm Wallace have a new boat and last week were outfitting it for a trip to the Neah Bay area. Sandy and Dale McKee are in Idaho vacationing with fishing rods and rifles.

BASENJIS IN FRANCE

by Genie Rundle

Domaine d'Alverne, 06 Berre-les-Alpes, France

My husband chauffeured a friend some 800 kilometers to Italy to present, for the first time, two of our 15-month old Basenjis. The result was disastrous! Our beautiful GLOW was sent away with a flea in the ear; dismissed with a MOLTO BUONO accorded to her by the terrier and spaniel judge of the day, Judy De Cassembroot.

The word "sport" is very difficult to apply over here. I hope I will not be misunderstood when I moan a bit about high costs and the absurdity of making efforts such as this when one cannot even be sure of showing one's dogs under the judges advertised. I would emphasise here that the judge advertised in this case - an Italian - was present on the day and was judging hounds! The schedule at the time of making the entries had not been changed and exhibitors were given no reason to suspect that any alterations had been made in Italy, turning the Basenji into a terrier! I will have to await the official report before I can learn details of the judging, because of the language problems, our handler was unable to understand what went wrong.

Neither dog was in full bloom, although I had been working on their coats daily for well over a month, they just would not be forced off before their time. Does anyone have a sure remedy for this problem? I have heard of, and tried out several (all infallible), but none of them has worked so far. I have even included a personal brainwave and taken GLOW to bed with me wondering if the extra warmth and constant caress of the human hand would do the trick, but, no!

Neither had we figured on encountering in open class, the well-known pair of Basenjis belonging to Signora Borletti, namely FULA DREAMY OF THE CONGO and ARABELLA AZENDA, both of which we thought were already champions, so could only be entered in champion class. The new rules concerning these classes state that a dog entered in champion class cannot gain any further CAC's or CACIB certificates; it can, of course, win Best of Breed, and this would seem a fair adjustment since it prevents owners from blocking the way to others. It is a little confusing therefore, to find these two dogs still being shown in open classes and without their titles. I am hoping to obtain some accurate information about this.

Following this, the ever popular show at Monte-Carlo, but with me in no fit state to attend. The two firsts again went to DREAMY and ARABELLA who must now have gained their Monagasque titles. The judge here was a British terrier judge, Mrs. Blake.

Due to the kindness of Eric Dhorne and his lovely wife, Patricia (who before her marriage was the Vicomtesse Salvati Di Romano), I was able to send DAISY two days later to Nice. There she won her second CAC and CACIB certificates, and now only needs one more CAC to gain her title. The Dhornes then went on to win Best Group in Show with their TOPLOT OF SIN and her offspring, son and daughter of my CH. TAUNY SIMBA, out of her first litter, namely, ROYAL CORVAIR and ROYAL CLIPPER D'ALVERNE. A superb brace, these two, and capable of winning in any company. I understand they only missed at Monte-Carlo because they were never called upon to be judged.

Things at the club are relatively stationary. Nevertheless, it has added several new names this month to the list of members, including those of Marvin Wallis and Nancy Ann Park from the United States. It has also been responsible for an impressionable article due to appear in the July issue of "Provence Magazine," published by Tout Marseille, and which will carry two full pages of coloured photos and documentation on the Basenji.

During the Nice show, in meeting Holland's jovial G. De Josselin, he told me that an article of his on the Basenji is due to appear in the July issue of "Popular Dogs." My only former association with Mr. de Josselin had been by correspondence, so it was interesting for us both. I am inquisitive to learn what further he has to say about our breed. I think he found our dogs too refined.

The Westminster Kennel Club has announced its judging panel for the 1971 show, held in Madison Square Garden, next February 15, 16, 17, 1971.

The judging panel will be headed by O. Carley Harri-man of Pebble Beach, California.

A. Peter Knoop, New York City, will judge the Hound Group.

Robert Waters, Delta, British Columbia, will judge Basenjis.

HOUNDSMARK

by Joyce Mullis

Box 517, 7500 AB Squadron, APO New York 09125

Mr. and Mrs. Field, Homer Green, High Wycombe, Buckinghamshire, United Kingdom. Basenjis and Beagles both carry the kennel name of "Houndsmark." Basenjis since 1958, and their first champion, FLAVIA OF LITTLEBREACH, a red and white bitch.

Greeting us at the garden gate were: CH. HANNA OF HOUNDSMARK, red and white bitch, ten years young.

HARRIET OF HOUNDSMARK, red and white bitch, six years of age, daughter of HANNA.

Pictured with Mr. Field is CH. HUBERT OF HOUNDSMARK, red and white dog, three years old.

Two red and white pups, sired by BELBRAQ NICHOLAS NICKELBY, out of HARRIET. One pup will be going to Italy and the other to be retained by Houndsmark. This is a repeat breeding of HUBERT.

Greeting us from the kitchen table - yes, that's right, from the kitchen table, was a black and white of doubtful pedigree, round and light colored eyes, short front legs, poor tail curl, mismarked and with a sorry topline, but then she was a cat, named DINAH!

The Fields are delightful people. Mrs. Field is the secretary of the Basenji Owners and Breeders Association, and both of them are very devoted to their dogs.

I asked Mrs. Field, "What one thing would you like Houndsmark to be known for?" Her reply, "To breed the best I can with emphasis on temperament, dependable aristocratic character and, of course, quality." At this point Mr. Field walked in, and I asked him the same question. He cast an eye towards "the Mrs." and I said, "No fair!" He laughed and said without hesitation, "Temperament!"

The conversation swung around to the black and white Basenjis, as it seems to do so easily these days. I asked the Fields what they thought of them and they replied that they liked them the same as any Basenji, if they were good. I asked if they thought the black and white would face the same obstacles in the show ring as the tri, and they didn't think so. In fact, they gave me a firm, "NO!"

We had a marvelous time talking dogs and shows, and needless to say, we will be getting together again soon.

HOUNDSMARK - a beautiful kennel name, run by two of the nicest people!

DOG HEALTH SEMINAR OF MORRIS ANIMAL FOUNDATION

by Mark L. Morris, D.V.M., Founder

OPENING REMARKS

It's a pleasure to be given the role of official welcomer of the Morris Animal Foundation - and so, I bid you "welcome" to our first dog health seminar.

When the Morris Animal Foundation was founded in 1948, it was basically a family supported foundation. During the last 22 years it has gradually become a public institution, now being supported by hundreds of public and private contributors. Such an evolution is a testimony to the interest the public has in the health and welfare of its companion animals.

During those 22 years, the Morris Animal Foundation has assisted 160 young scientists in their search for such information about our companion animals. Each of these young men has reported on his work at the Foundation's annual meeting and a copy of that report is on permanent file at the Foundation offices in Denver. Most of these young scientists have contributed writings about their work to the professional literature. Few, however, have had the opportunity to actually interpret their findings in a form that would benefit the companion animal owning public.

The Foundation would be the first to agree that these findings need to be intelligently interpreted and made relevant to the needs of the dog owner. In the past we have excerpted material from the Foundation's annual reports, brought to the attention of the popular press important findings, and from time to time written articles incorporating new information and its application to the dog owner. After all, the Morris Animal Foundation exists, and the work which it sponsors is performed so that your dog can enjoy a better, more healthy life. This can be accomplished only by communicating effectively with the dog owner as well as with the scientist and veterinarian. That is why we are here today, and it is high time we were about the business at hand.

This first seminar on dog health has been put together specifically to interpret research findings for you, the dog owner. There will be time for questions following each presentation. If you do not understand something that is said, please speak up at that time.

Unless you leave this afternoon with an improved understanding of the diseases we discuss here, we will not feel that the first seminar on dog health has been successful.

(This is a series of articles on dog problems that will be published in The Basenji. Next month "Skin Problems of Dogs," by R. W. Kirk, D.V.M., will be published. - Ed.)

ON KNOWLEDGE

In May we discussed some of the types that could be seen in kennel clubs. Most of them were quite undesirable, the remainder somewhat less than could be desired. For a breath of fresh air, let's look at a good kennel club member.

The good one is seeking information for himself and his club. Not in a prying, aggressive manner, but quietly and thoughtfully. The good one examines the past records of his club and the members and officers, past and present. He or she evaluates this information, measuring it against what is best for the entire membership and the club as a whole. He or she votes carefully, realizing that his or her vote is precious and can harm or better his club. The good one seeks officers and responsible committee membership candidates carefully - looking, not at what they say or how well they play at politics, but at how well they will serve the entire membership. He or she even votes against those "nice" board members or officers who don't appear to be controversial - when it seems this is

"RUSTER" has accumulated, out of 3 times shown, 3 firsts in Puppy Classes, and 1 Best of Breed at All-Breed Sanctioned Matches and an All-Breed Fun Match, and at the St. Charles, Illinois, All-Breed dog show. His elegant sister "SATIN" has some quality wins at all these shows too.

merely to remain in office. It is often necessary to stand and fight for the good of all members and a good board member or officer will do this for this type isn't afraid to stand up and be counted. But the "hangers-on" must remain in the background and not disturb any of the members since this might lead to their not gaining re-election. People who do things usually make a few enemies. Only those who do nothing can seem friendly to all. In brief, the good member thinks for himself, and for others who are not good members. And we need more of this type.

For a change of pace, I thought it might be nice to allow you to test your own knowledge in its breadth and depth. The next few columns will carry several questions. They are not intended to be easy and you should hold all of your replies and send them in all together after the last series of questions appears. Closing date will be given in the last series of questions and a suitable trophy will be given to the one who answers all the questions correctly and completely. In the event of multiple correct answers, the earliest postmark will decide the winner. Time is important, but accuracy more so as you shall see.

First Series - Questions 1 through 5:

1. Who first brought your breed to North America? Name the person, the dog, the place and the year.
2. Who had the first of your breed in the United States? In Canada? Name the persons, the dogs, places and the years.
3. When was your breed's first Best in Show in the United States? In Canada? Name the dogs, the shows, dates and the judges.
4. Name the last ten presidents of your breed's specialty club with the year(s) they served and the accomplishments of their administration(s).
5. Name the top winning dog in your breed in each year since 1960 in the United States and Canada and list the breeder of each dog.

In each answer to a question, you should cite your authority for the answer given. You will have time to do research for your answers, so start now! Good luck!

Recent letters from overseas have reminded me that not all countries view the Basenji in the same light that we do here in the United States, in Canada, or in the United Kingdom. Some may place it in the Spitz group or in the terrier group. It was this latter placement that rang the bell. Some of you may remember that some years back this was a suggestion which was being pursued by a number of people in this country, as they felt that the Basenji was a terrier rather than a hound, primarily because it didn't look like a typical hound.

So let's take a look at a "typical" hound. A hound looks like a "houn-dawg," doesn't it? You know what they look like! A hound color (black, tan, and/or white mixture), floppy ears, medium size, rather short coat. You know the type - a hound!

And how do the various breeds of the "Hound" group fit this description? Bassets, Beagles, Bloodhounds, Coonhounds, Foxhounds, and Harriers are all obvious matches for this group and all have somewhat squarish muzzles. Dachshunds might even squeeze in this group for a number of reasons, but what about their rather pointy muzzles and their different structure - including midget-sized legs. And when one thinks of their original function, shouldn't they really be placed in the terrier group? My Dachsie friends scream at this suggestion, although a few do agree.

The next category of similarities would include those of color, ear, and coat specifications to a certain degree, e.g., the Greyhound, the Whippet, and the Saluki. But the Greyhound has great depth of chest where most of the hounds are more "tube-shaped" in body. Muzzles are a bit pointy, and the Whippet's tail even goes the wrong way, being tucked underneath! The Saluki might even squeeze in here too, but what about his long-haired ears (or is he just being "mod?" and he has a very loose-jointed and flexible gait! Squeeze again and try the Scottish Deerhound in here too for his similarity to the Greyhound, only with a shaggy coat, a bit shorter neck, and his tail tucks under more like the Whippet's. The Borzoi also has some similarities to the Greyhound in depth of chest, size, with perhaps a bit shorter neck - but what about that crazy wavy or curly coat? Again a case of going "mod?" And what about the "modest" of them all, the Afghan Hound. Dig that ca-ra-zy coat on him! With a moustache too and a short-haired saddle on his back - and a spit-curl in the end of his tail!

Of medium size? Certainly not the Irish Wolfhound. His muzzle appears just a bit more long and square than most in the group and his ears are a bit different. I guess he has to be on the large size for his original role. Can't you imagine one coming up to you and asking, "Which way did all the wolves go?" or perhaps, "Pardon me, but did you just see a wolf go by here - fast?"

Then we come to the perfect example of the "hound type," the Norwegian Elkhound! Erect ears, curled tail, long coat, short back and all. His little buddy, the Basenji, simply went to a different barber and had a crew-cut. And perhaps a dye job while he was there!

Let's top this all off with those Greek masks, Comedy and Tragedy - the Otter Hound and the Rhodesian Ridgeback. The Otter Hound looks like a stand-in for "TRAMP" in the TV series "My Three Sons," and appears to be a pleasant, somewhat dull, and very friendly neighbor (except to the Otter). Not so the Ridgeback - running afoul of him could certainly be a tragedy! Hardly seems to be the fun-loving type.

So there we have the true, "typical" hound. In case you've missed it, here's the instant replay. The color is black, tan, and/or white (or some other color). The ears are drop, semi-prick, prick, or folded. The size is medium - somewhere between 8 pounds and 120 pounds. The legs are either short, medium, or long - likewise the body and the mixture of legs and bodies includes almost all permutations. And it has a short, medium, or long coat of fine, coarse, silky, hard, rough, wiry, flat, wavy, curly, firm, soft texture; while the tail must be either gay, curled at the end, tightly curled over the back, carried at the trail, or tucked between the legs. The body must have a deep chest - or be tube shaped - or?

So, you see it is all really very simple when we carefully analyze the matter. Now we all know what a "typical hound" looks like and can readily identify its type at any time, can't we???

literature. In the first reports, a Beagle colony of 1,500 animals were routinely bred on the average of 278 days of age, roughly 9 months of age. No perceptible ill effects on either bitches or pups were observed. The second report said early pregnancy was rarely harmful and may even accelerate the growth and well-being of the mother, and does not, as claimed, lead to the birth of stunted and useless puppies.

RUTH'S ROUNDUP OF NORTHERN CALIFORNIA

by Ruth D. Shannon

605 Tina Way, Livermore, California 94550

It was a great day for The Basenji Club of Northern California, May 23, 1970, when their first Sanctioned B Match was held in Coyote Heeler Park in San Jose. Fifty Basenjis turned out with their proud owners. A picnic lunch was served, the food was good, the people congenial and the Basenjis at their best. Tom Lams, a favorite handler and trainer, was the judge. I'm sure Tom had a hard task judging the excellent turn-out of puppies. Twenty-two puppies strutting in the ring like seasoned showmen, all between the ages of 3 to 6 months. WD and BOB in puppy class went to JARUSHAN'S HEY MISTER. WB and BOS went to TICKLOSH OF HOLLYFEL. In open class, a new imported black and white, TAYSENJI GAZU won WD and BOB. WB and BOS was BA-SHEBA OF THE NILE. Three dogs and nine bitches in open class. Then came the parade of stars and parade of champions. Dorothy Felton's, CH. GLENAIRLEY MARSH MARIGOLD was among those shown. She strutted into the ring as chipper as any of the young ones. Many of us had tears in our eyes to see "The Grand old Lady" (now 14), as she gaited so proudly and so beautifully before us. Our beloved Basenjis seem to grow more beautiful with age. Thanks, Dorothy, for giving us the privilege to see your lovely LADY. May she have many more years!

In Novice Y, highest scoring dog went to Jim Hutcherson's LADY TONGA BIRD, score 152 1/2. Our special attraction was J. and P. Holland's KIJANA'S PRINCE KUONA MBALI, the dog with six legs (obedience, that is). The best junior handler went to Cathy Gavey, an 8-year-old who handles her dog like an "old pro." Good luck to Cathy in junior handling. It's indeed a pleasure to see these youngsters handle their dogs.

A good time was had by all, including the Basenjis, and all went home happy.

There was a hero among us that day and no one knew about it until later:

Neither robber or gun could deter one Basenji owner from attending the fun match. Mr. Vernon F. Gant (new Basenji owner) and clerk of the Travelodge in Palo Alto, was awakened at 4:30 in the morning the day of the match, by the ring of the doorbell. A man standing there said he needed a room, then asked for a motel brochure and change for a \$100 bill. Mr. Gant said he wasn't sure he had change but would check. He went to the cash register and returned with the change. The man then reached through the window and snatched at the bills in Mr. Gant's hand, but Gant jerked out of reach, tearing two of the bills in the process. The robber then stuck a double-barrelled shot gun through the window and told Gant to give him the money. At this point, Gant ran from the office into his bedroom and called the police. The man fled and the brave Mr. Gant was at the match with his Basenji at 10 A.M.

The Hutchersons tell this story of their new import, "When he gets through eating, he brings his bowl to Darlene, and also the bowls of the other dogs, or any left on the table."

It is with sadness I read in The Basenji of the passing of AM. AND CAN. CH. DAINY DANCER OF GLENAIRLEY. My sympathy to Margaret Robertson. She was a lovely lady and left a great heritage, and she does indeed, deserve her "Place in the Sun!"

Don't forget the Western Specialty, August 16, with a show at Salinas the day before. The place: Santa Cruz, Calif. The judge: Derek Rayne. If you do not have flyers you can write to Mr. Paul Gavey, 2115 Gill Drive, Concord, Calif. 94520, Western Specialty Chairman, or Linda Hollenbeck, 3166 Bryant Street, Palo Alto, Calif. 94306, Co-chairman.

THE REALIZATION OF A DREAM

It seems much longer ago than 1965 when I sent two black and white puppies to the HORSLEY KENNELS in England, with the hopes of establishing a breeding program that would produce top quality dominant blacks. These puppies, SHEEN OF HORSLEY and SATIN OF HORSLEY, were sired by KHAJAH'S BLACK FULA CHALLENGE, and out of our BLACK DIAMOND OF CRYON, a lovely dominant black and white bitch, who had many admirers in this country, but who was unregistrable herself because half of her ancestry was African bred. SHEEN OF HORSLEY, bred to the famous ENG. CH. RIDINGSGOLD FANTASIA, produced the equally famous RIDINGSGOLD SIR BUNTAR OF HORSLEY, who later became DATAR'S grandsire. And now, back in the land of his great-grandsire, DATAR has achieved another "first" for the breed — the first dominant black and white Basenji to finish his Championship in the United States. This event occurred at the Kanadasaga Kennel Club show, Canadagwa, New York, June 6, 1970, where DATAR went Best of Winners and acquired his fourth major, under Judge Edmund Kauffman, Jr.

DATAR has a fine show record. He was shown a total of 14 times and finished with 16 points, 4 majors, and a Reserve Winners at the Southern Specialty. His majors were won under Judges: Marsh, Murr, Griggs, and Kauffman.

Our thanks go to the judges who recognized the quality of this young dog, to Dr. Leon and Marie Standifer, from whom I obtained BLACK DIAMOND, and to Mrs. Jayne Stringer, who carried on the breeding program in England.

LADY

There was a pretty LADY
In a very "beeg shoe!"
She had so many "chillun,"
She didn't know what to do.
Eeny, Meeny, Miny, Moe,
That makes FOUR!
Then LADY had three more!

NEW "TOURING WITH TOWSER"

Priced at 50¢

The 1970-71 edition of "Touring With Towser," the directory listing hotels and motels that accept guests with pets, is now available. But there's a new price - 50 cents.

Since it was first issued in 1948 by Gaines Dog Research Center, the book has become one of America's best sellers. It has been priced at 25 cents for the last 15 years, but the Center finally raised the price this year.

The early editions listed only about 1,600 hotels and motels in the United States that accepted pets. The new edition contains more than 8,000 names of lodging spots in the United States and Canada.

A copy of "Touring With Towser" can be obtained by sending 50 cents in coin or check to Gaines, "TWT," P. O. Box 1007, Kankakee, Illinois 60901.

Give thought to a hound
When the Fourth rolls around
And remember my sensitive ears.
It's all very well to ring
That church bell,
But I shake when a rocket appears.

And remember my sensitive ears.
It's all very well to ring
Out that church bell,
But I shake when a rocket appears.

DAINTY DANCER

Can. Am. Ch. Dainty Dancer of Glenairley
If that Dancer Dog could have talked,
She would brag and never stop.
But she couldn't and that's a shame
So I'm bragging for her fame.

She whelped pups throughout the land
And passed on beauty, she's so grand.
She was getting old and soon must go,
But all shall mourn her passing so.

Basenji folk in this great land
Will know where she has lent a hand,
For there are puppies she has had,
As living monuments instead.

And folk will say throughout the land,
The Merlea Dancers are so grand.
There are many Dancers now at stud
To share the Dainty Dancer blood.

Mr. Alva Rosenberg will judge Basenjis at the Eastern Specialty, and Mr. P. David Hill will judge the Puppy Sweepstakes.

A lovely dinner will be held on Saturday evening, September 19, at Manero's Restaurant in Greenwich, Connecticut, at 5:30 P.M. in order to allow everyone plenty of time to get to the location of the show on Sunday. The meal will consist of the following:

Shrimp cocktail, steak dinner with potatoes, French fried onions, salad, garlic bread, ice cream parfait, and choice of beverage - all for the price of \$6.50, including tip and tax. We will have our own room with an open bar for ourselves from 5 o'clock on, and dress is informal and optional. Please send checks as soon as possible to our dinner chairman, Mrs. Martin Abelson, 8 Canterbury Road South, Harrison, New York 10528.

IT'S NOT TOO LATE to send contributions for the trophy list. Please send to me at the above address, or to: Robert House, RFD #1, Skyline Drive, Oakdale, Connecticut 06370. Thank you!
